

WINNIPEG TOURIST PARTY IN CITY ON SUNDAY

CHAMBER COMMERCE EXTENDS A ROYAL WELCOME TO PARTY

DELEGATION HEADED BY MAYOR WEBB OF WINNIPEG

BRAINERD LADIES BAND IS TO PLAY AT EVENING'S ENTERTAINMENT

The plan of entertainment for the Winnipeg automobile tour which includes car representatives from North Dakota, South Dakota, northern Minnesota and part of Manitoba and Ontario to visit Brainerd on Sunday, was outlined last night at the Chamber of Commerce meeting by the delegation committee, of which A. L. Hoffman and John A. Hoffbauer are heads.

Should Brainerd make a favorable impression with the visitors, the result will be that the city will secure valuable publicity from the larger city newspapers represented in the tour. The tour is plainly an advertising tour to induce tourists to tour these districts during the summer.

Brainerd cars will meet the tourists at Pequot and lead them to Breezy Point for inspection, then retrace their run and take them to Grand View Lodge and then into Brainerd.

It is expected that there will be about 200 in the Winnipeg tour. The visitors will be furnished with meals at the Ransford hotel, New Brainerd hotel and Garvey's, the expense to be met by the Chamber of Commerce. Con O'Brien has donated \$20 to pay for the services of the Brainerd Ladies Band which will play during the evening.

The main entertainment as far as the city is concerned, will be on the Y. M. C. A. lawn. There a program will be carried out, addresses to be given by the visitors, Mayor George A. Cain to welcome the visitors in response to the address of Mayor Webb of Winnipeg. Local speakers of repute are being lined up to say a few words. The Brainerd Ladies Band will furnish something new in the line of entertainment, new selections, dance steps and the like. If the weather is inclement, the program will be held at the Chamber of Commerce rooms.

The following letter has been received from the Winnipeg mayor in reply to local letters which states that Brainerd is pleased to welcome the visitors and to be included in the itinerary of the tour:

I apologize for delay in answering your letter of May 7th, but you will understand, I am sure, the reason why.

I have been endeavoring to complete arrangements for our visit to you, wonderful town, and you already have a copy of our itinerary. It is our intention to keep to the schedule as closely as possible.

Our people are looking forward to meeting you and your good citizens and seeing the wonderful country around, so that our folks may be able to tell of the wonders of the Brainerd district.

We quite understand the problem of arriving on Sunday, and thank you very much indeed for the arrangements you are making to entertain the party. I assure you whatever you do will be most appreciated, especially so on account of it being Sunday, but I believe God intends us to be happy on Sunday as well as on Monday, and happiness is what this trip is expected to create.

At the present time I do not know how many there will be in the party, but will wire you later. In regard to your suggestion to write you, I will wire you definitely on this matter as soon as we get to Red Lake Falls, and we look forward to meeting some of your people at Bemidji where we are being entertained at luncheon, so as to have you escort us to your town.

With a thousand thanks and best wishes, and looking forward to seeing you, I am,

Yours very truly,

RALPH WEBB, Mayor.

The tour will start out from Winnipeg on May 15, going to Emerson to Warren, to Red Lake Falls. On Sunday, May 16, the tour will travel from Red Lake Falls to Bemidji, from Bemidji to Brainerd. From Brainerd the tour will go to Duluth on May 17, where they will be guests all day. From Duluth the tour will go to Fort William and Port Arthur, where they will be guests all day. The tour will start on the return from Port Arthur and Fort William on May 20, going to Duluth, Virginia and Hibbing, International Falls, Fort Francis, Baudette, Rainy

LEAGUE NATIONS SECRETARIAT IS SET FOR JUNE 7

Geneva, May 13.—(UP)—The League of Nations secretariat today convoked the 40th session of the league council for June 7 for discussion of disarmament, arbitration and security.

Foreign Minister Uden, of Sweden, will preside at the council meeting. Reorganization of the league council also is on the agenda.

COAL STRIKE STILL FACES THE BRITISH

INDUSTRIAL PEACE, CELEBRATED YESTERDAY, IS NOT PEACE AFTER ALL

COAL STRIKE, AFFECTING MILLION MINERS, IS STILL UNSETTLED

By CLIFFORD L. DAY
United Press Staff Correspondent
London, May 13.—Britain today

awoke to the realization that the industrial peace, which was celebrated yesterday, was not peace after all.

The coal strike, affecting more than 1,000,000 miners, continues and the issues which precipitated the greatest industrial struggle in history still is unsettled.

Truce has come in the fight between organized labor and the government, but another fight, the miners pitted against the rest of organized labor, goes on.

British miners are disappointed and disgruntled. Their leaders feel they have been deserted by the remainder of the organized labor movement and may decide to reject yesterday's peace terms. It is hinted that the miners may even go as far as to withdraw from the Trades Union congress.

Londoners were dismayed today to discover that a wave of the hand and a few words on a scrap of paper announcing the end of the general strike were not sufficient to restore the metropolis to normal.

River and Warroad, and returning to Winnipeg on May 24, where a gala return celebration will be held.

Today the chamber of Commerce under the work of the convention committee, will furnish cars for the Congregational convention members who will be shown through the country to interesting places on a fifty mile automobile tour. The tour will include Breezy Point, Grand View Lodge and other places of interest. The tour will get under way at 4 P. M.

J. P. Anderson, chairman of the baseball park committee, made an extensive report on the work done towards the improvement of the Municipal Baseball park for the season. He appealed to the Chamber of Commerce for assistance in funds for the erection of a fence to go around the entire field. He reported that the roof on the grand stand had been completed and everything was in readiness for a good season. The report was accepted and the ball park committee praised for their work. The request for further funds was left on the table for a short time till figures can be secured as to the accurate cost of the construction of the fence.

W. M. Murphy, chairman of the map committee, reported that the committee recommended that 50,000 pamphlets be issued on the first run and that the cost of this would be between \$500 and \$600, the cost of plates being \$75 in addition. The committee was given power to act on the matter of letting bids with the expenditure not to exceed \$700.

Lecture on Coal
H. S. Norton, of the Northwestern Fuel Co., of St. Paul, gave an interesting lecture assisted by motion pictures of the coal docks at Duluth and slides, on the coal consumption problem. The members received valuable information as to the proper use of coal and the proper method employed to get the most out of a boiler and furnace.

President R. R. Gould reported that the 10,000 Lakes Association was depending on the Brainerd Chamber of Commerce here for assistance in their advertising campaign. The quota asked for is \$750. The president was instructed to appoint a committee of five to go into the matter.

BELIEVE THAT PILSUDSKI'S REVOLT ENDED

DANZIG REPORTS NEGOTIATIONS WITH PRESIDENT OF POLAND

THAT REVOLUTIONARY LEADER AND HEAD OF POLAND EFFECT COMPROMISE

Berlin, May 13.—(UP)—Danzig reports today said negotiations between President Wojciechowski of Poland and Marshal Pilsudski, revolutionary leader, who is reported to have occupied Warsaw, have resulted in a compromise which is interpreted as ending Pilsudski's revolt.

Earlier reports from Warsaw said the government has issued a communique saying:

"Complete order reigns in Warsaw and it is hoped the incident is terminated."

Unconfirmed reports from Bentschen on the Polish frontier, reported Monday's bloody street battles in Warsaw. The revolutionary troops of Pilsudski, it was reported, entered the city and stormed the premier's palace.

Many persons were killed and wounded, according to those reports, in fighting yesterday afternoon. The border advice added that the cabinet of Premier Witos has resigned and that a crisis involving the president is imminent.

Earlier reports said 10,000 insurgents occupied the suburb of Praga and that negotiations were being carried on between Pilsudski and the government, Pilsudski demanding the resignation of Premier Witoski.

PILSUDSKI MAKES DEFINITE DEMANDS

(Copyright, 1926, by United Press)
Warsaw, May 13.—Marshal Pilsudski and his revolutionary troops today dominated this city.

Pilsudski has occupied the Warsaw barracks as well as all public buildings. Members of the government have withdrawn under heavy guard to the presidential palace.

Occupation of the city was ordered by Pilsudski after peace negotiations, initiated by President Wojciechowski, had failed to appease the revolutionary leader.

Pilsudski today issued the following peace conditions:

1. Resignation of the Witos government.
 2. Appointment of Pilsudski as premier.
 3. Indefinite dissolution of the parliament pending new elections.
- The demands are interpreted as amounting to a declaration of Pilsudski's intention to impose a dictatorship on Poland.

Pilsudski today launched a campaign, so far bloodless, against extremists of the left as well as of the right.

The socialist leader, Markel, visited the marshal today to propose that Pilsudski take over control of the government with a coalition cabinet composed of radical and moderate socialists. Pilsudski refused.

The southern environs of the city today were active, as 10,000 troops moved with tanks, artillery and machine guns. Overhead was the buzz of Pilsudski's airplanes, seeking to cover the regiments remaining loyal to the government.

Clusters of excited citizens were at every street corner discussing yesterday's uprising.

George R. Rezwicki, a member of the 22nd infantry, described to the United Press correspondent the events following the right attack on Pilsudski's villa. When the 22nd heard the attack, its officers demanded that they be permitted to lead their men against the attackers. General Siorski, former minister of war and now commander of the regiment, refused permission. The regiment mutinied.

With flags unfurled and most of the soldiers singing, the 22nd marched to Pilsudski's assistance. The marshal already had the 11th Uhlans on the relentless march toward Warsaw.

Meantime Warsaw seethed with excitement as it became known that Pilsudski was marching on the capital.

Pilsudski's supporters organized into groups and visited restaurants, compelling bands to play military marches in Pilsudski's honor, while guests were obliged by the menace of revolvers to join in the choruses. Alarmed persons bolted into the

NAVAL DIRIGIBLE LOS ANGELES LEAVES MOORINGS TODAY

Naval Air Station, Lakehurst, N. J., May 13.—(UP)—The naval dirigible Los Angeles left her moorings last night at 11 a. m. today for a test flight in the metropolitan area. The ship probably will fly over New York before returning to the mooring mast.

WATSON-PARKER RAILROAD LABOR BILL SOON SIGNED

INDICATIONS POINT THAT PRES. COOLIDGE WILL TAKE FAVORABLE ACTION

PRESIDENT, SAY CAPITAL ADVICES, APPROVES THE MEASURE

Washington, May 13.—(UP)—Indications about the capital today were that the president shortly would sign the Watson-Parker railroad labor mediation bill, which was passed by the senate late Tuesday.

The president, it is understood, approved the measure which abolished the railroad labor board and institutes a new board of mediation, consisting of five members whose principal duty will be to arrange for settlements of disputes by arbitration.

The bill already has passed the house and it passed without an amendment in the senate by a vote of 69 to 13. Those who voted against the measure were Senators Bayard, democrat, Delaware; Bingham, republican, Kansas; Hale, republican, Maine; Keyes, republican, New Hampshire; Moses, republican, New Hampshire; Norbeck, republican, South Dakota; Phipps, republican, Colorado; Ransdell, democrat, Louisiana; Robinson, democrat, Arkansas; Underwood, democrat, Alabama, and Williams, republican, Missouri.

Proponents of the act which has been approved by several of the large railroads and Big Four labor brotherhoods, declared it represented an earnest effort on the part of capital and labor to arrange for peaceful settlement of disputes.

Opponents charged that the real purpose of the bill was to arrange an increase in wages and consequent increase in freight rates and that under the act agreements could be made without regard to the public interest.

streets where they found real trouble.

Adherents of the right wing of Witos' government finally got together and patrolled the streets. Meetings between Pilsudski and Witos adherents frequently led to shootings.

This morning the rumor circulated that the struggle which now fundamentally is between the big land owners and industrialists, represented by Witos and the middle class, championed by Pilsudski, might be transformed into a militant labor uprising. The workers so far, however, have not actively participated.

Following the recent cabinet crisis, political excitement in Warsaw has been increasing daily. The disputes revolved around whether the time had arrived to establish a fascist dictatorship or a liberal dictatorship under Pilsudski.

Amid the roar of the "coffee house parlaments," the news that the government had confiscated Pilsudski's appeal for a revolution burst Wednesday like a charge of TNT.

Adherents of the right hurriedly deserted the coffee houses and marched to suburban Sukejowek, where they opened revolver fire on Pilsudski's villa, a gift of the government to the marshal for partial payment for his services to the nation. Then the mob sought to set the place afire.

A skirmish near the villa occurred when Pilsudski's civilian sympathizers arrived from Warsaw. Pilsudski's Uhlans from Rembertow routed the right incendiaries, whereupon Pilsudski appeared on the veranda. Wild cheers greeted the marshal. He thanked his supporters and said: "You are serving your country valiantly. Meanwhile I urge you to remain calm and to abstain from excesses."

POLAR DIRIGIBLE SUCCESSFULLY CROSSES POLE

IS EXPECTED TO LAND AT NOME BEFORE MIDNIGHT

GIANT AIRCRAFT'S RADIO SIGNALS PICKED UP IN ALASKA

The Amundsen-Ellsworth polar dirigible has successfully crossed the top of the world and is safe today over Alaskan territory. A landing should be made at Nome before midnight.

This was revealed when about midnight, Alaskan time, the giant aircraft's radio signals were picked up at St. Paul, Alaska, according to dispatches relayed to Cordova.

The Norge wished to establish contact with some station in order to send dispatches.

Messages received at Oslo indicated the Norge up to late Wednesday had not sighted land but only vast wastes of Arctic sea and ice.

The Norwegian Meteorological Institution declared that on Wednesday, according to its information, the Norge had experienced excellent weather conditions with no wind.

No land, the institution said, and no animals had been seen on that day. Only ice, broken by strips of water, were observed.

Alaska awaited the coming of the Norge with an interest and a tensely of excitement which hardly has been equalled since the days of the gold rush.

Nome, where the dirigible is to land, was reported in dispatches to the United Press to be in holiday dress. A triumphal arch has been erected, anchors have been sunk to which the Norge can be moored, and in letters 25 feet high the landing field has been marked.

The men of the town have volunteered almost unanimously to aid in mooring the ship.

All through Alaska, the radio stations were tuned in last night, straining to hear something from the big ship. As far as was known, however, only the government station at St. Paul was rewarded.

Amundsen before leaving King's Bay, emphasized that his desire, even more than to reach the pole, was to explore the "blind spot."

It was presumed that he would make slow speed across this area, studying the geography carefully and making extensive observations. It is the task of the north man to complete the work begun when the first Scandinavian sea lords set the paws of their tiny boats toward the sunsets of the western hemisphere.

Cordova, Alaska, May 13.—First word from the dirigible Norge to be picked up on this side of the world was heard near midnight by the naval radio station at St. Paul, Alaska.

At 11:08 P. M. the St. Paul station heard the following message: "Airship Norge bound Nome, Alaska. Please answer if anyone hears us."

The St. Paul operator reported the Norge's signals were very weak. A short time later came the repeated query: "Does anyone hear us?" This was followed by an undecipherable code.

Nome, Alaska, May 13.—All Nome turned eyes toward the north today, awaiting the Amundsen-Ellsworth-Noble dirigible Norge on its down grade journey from the top of the world back to civilization.

Not since the gold rush days of the Klondike has Nome been so excited as today. Sourdough and eskimo have joined in dressing this outpost of civilization in gala attire, preparing to welcome the strange visitor from the skies.

Nome folks have seen airplanes, but never lighter than air craft and the strangeness of the expected visitor combined with the fact that it is coming from the other side of the world across the pole as no one has ever done before adds to the city's interest.

There was little sleep in Nome last night. About the only persons who remained indoors were radio operators straining to catch some signal from the craft. There was so much static interference, however, that stations have so far failed to talk with the dirigible.

FIREMEN GO TO RESCUE OF TRAPPED HORSE

St. Paul, May 13.—(UP)—Firemen went to the rescue of a horse trapped in a swamp near the west side flying field.

They found the animal in six inches of water, one hoof jammed in an artesian well pipe which was not visible.

After three hours' labor, they cut off the pipe, but the horse left his shoe behind.

1,000 ACRES FOR DEVELOPING SUMMER SITES

PENINSULA BETWEEN WHITEFISH AND TROUT LAKES PURCHASED

BEACHES TO BE IMPROVED AND WATER SYSTEM INSTALLED

Purchase of nearly 1,000 acres of property, said to be one of the largest and finest tracts of lake shore frontage in northern Minnesota, was announced by E. C. Kavli, of the Kavli Realty Company, Minneapolis, in an article in the Minneapolis Journal.

The tract is a peninsula between Whitefish and Trout lakes, about 22 miles from Pequot. Total purchase price for the land exceeded \$70,000. There are eight miles of shoreline on the two lakes.

The property is to be platted, improved and placed on the market at a cost which will exceed \$60,000. Mr. Kavli said. Development will include surveying, clearing in some spots, improvement of beaches, building roads and constructing a water system which will serve a part of the property. Buildings will be restricted to \$1,000 each.

The land will be opened for sale to vacationists for summer cottage building in about six months, as soon as the improvement program is completed.

This is the second tract in Northern Minnesota to be opened by the Kavli company. The other property is called Pequot Shady Shores, and represents an investment of about \$150,000.

threatening weather is greeting Amundsen's Norge in Alaska on the route from Point Barrow to Nome today, according to weather bureau forecasts.

Forecaster C. L. Mitchell said he could not tell about fogs in this region, but that there was no wind reported.

San Francisco, May 13.—The airship Norge is endeavoring to get into communication with radio stations at Nome, but thus far without success, according to naval radio reports given out here at 8:45 A. M.

The naval radio said its stations at Seward and Hinchbrook both reported hearing the Norge calling Nome, but there was no response.

Seward advised Fairbanks to relay the word to Nome that the airship was trying to communicate with that station, it was reported.

Fairbanks, Alaska, May 13.—The Amundsen dirigible Norge has reached the mainland of Alaska near Point Barrow and is headed down the east coast toward Nome, according to reports reaching here today.

Although details were lacking, it is believed that the airship sped in from the ocean shortly after midnight, Alaskan time, got its bearings and started for Nome.

Local radio stations still have no direct word from the Norge.

Nome, Alaska, May 13.—Nome thrilled today to a pitch of excitement never reached since the gold rush days as the word spread that the Amundsen-Ellsworth airship Norge was over Alaskan territory and nearing this city. Although local radio stations were having difficulty in picking up the Norge it was believed the aircraft would reach here within a few hours.

At mid-morning crowds started moving toward the territory aviation field a mile and a half distant, where the airship is expected to come to earth, its epochal journey over the pole completed.

PACKED ASSEMBLAGE IS EXPECTED TO HEAR STATE'S FIRST MAN

TODAY WINDS UP CONGREGATIONAL CONFERENCE OF MINNESOTA

CONFERENCE BANQUET TO PRECEDE FINAL GATHERING AT CHURCH TONIGHT

A larger assemblage than the church has ever opened its doors to before is expected to turn out to the First Congregational Church tonight at 7:45 o'clock, when Governor Theodore Christianson will address the visiting delegates to the Congregational Conference now on its last day of session in Brainerd.

Just what topic Governor Christianson will take for his address is not known. It is more than likely he will speak on Minnesota itself, the need of the church, but it is not likely that he will bring up any political phase.

Those in Brainerd who have heard Governor Christianson speak will appreciate his coming here. He is a remarkable talker and his talks are appreciated wherever he goes. Those who have never heard him speak should avail themselves of this opportunity. The delegates to the convention have the preference of seats in the church but there will also be room for others who wish to attend.

Previous to the address in the church, the delegates will attend a supper in their honor in the Cohen Block on Front Street. It is not certain as yet whether Governor Christianson will be in the city in time to attend the banquet.

"The Spirit of Democracy in Religious Work," the speech given by Reverend Frederick L. Fagley, Promotional Secretary National Council of Congregational Churches, New York, was the principal talk of the day.

The Reverend Noble S. Elderkin, Duluth, will preside at the conference banquet tonight. Rev. Elmer W. Benedict will be song leader.

Previous to Governor Christianson's address, Rev. Harry P. Dewey of Minneapolis will speak.

High lights on yesterday's session are as follows:

The conference adopted resolutions favoring a campaign for raising funds to assist the First Congregational church in Washington new building and endowment.

Rev. John P. Miller reported on opportunities for missionary work in the Twin Cities. Rev. Fred Schmidt of Roosevelt voiced the needs of the young people of the frontier.

Rev. N. B. Akerman told of the Baudette plan for a consolidated Sunday school. Buses are being sent out into the country to gather children and adults for Sunday school and church service, Congregational and Lutheran church co-operating.

Social and economic conditions of northern Minnesota were covered by Rev. E. Bergsman of Birchdale.

Two churches are at Grand Marais and Mineral Center, two outposts in the Grand Marais country, and the Congregational missionary extends his influence into every settlement of Cook county.

Dean W. Coffee spoke on "Religious Phases of the Modern Agricultural Movements." Co-operative marketing has religious phases," he said. Town and country should worship together. The church should be an influence in bringing them to fully understand each other.

Rev. Harry P. Dewey, Minneapolis, will be unable to speak tonight, so Governor Theodore Christianson will give the sole address at the concluding session of the conference.

NEW YORK SPEAKERS AT CONFERENCE

NEW YORK sent a group of prominent speakers to the Congregational Conference of Brainerd, Rev. Frederick L. Fagley, D. D., Mrs. Franklin Warner and Rev. Henry Smith Leiper.

Dr. Fagley was elected secretary of the Congregational Commission on Missions last January. He was formerly executive secretary of the Congregational Commission in Evangelism and Devotional Life, and has had a prominent part in the annual pre-Easter evangelistic movements in which the leading denominations have united under the auspices of the Federal Council of Churches. Through these movements the number of new members annually received by the different churches has been greatly increased.

Mrs. Warner is associate secretary of the Commission on Missions and also president of the Woman's Board of Missions for the Congregational Churches of the eastern states.

Mr. Leiper is associate secretary of the American Missionary Association which is an agency of the Congregational churches for work on behalf of Negroes, Indians, Mexicans, Orientals and other "under-privileged" groups. Mr. Leiper had a varied experience as a missionary in China before he became a secretary of the A. M. A. and he has made extended visits to Japan and Korea. He served with the Y. M. C. A. in Siberia during the world war. After the war he became director of student work in Tientsin. During the famine of 1920 he was for a time sanitary director for a refugee camp of 50,000 near Tientsin.

Much publicity was accorded the seventy-first annual meeting of the Congregational Conference at Brainerd by the National Council of Congregational Churches press bureau located at New York City. Because of the national and world-wide interest discussed, many papers carried stories of the convention here.

The Congregational churches of Minnesota have a present membership of 27,706. The Sunday school enrollment is 27,321. There is a membership of 3,870 in young people's societies. For missions and other benevolences the Minnesota Congregational churches last year raised \$174,962.

THE office of county treasurer of Morrison county seems to be a rare office. To date nine have filed for the position.

FIRST BAPTIST CHURCH

Reception to be Given Their Pastor,
Harold F. Damon on
Friday Evening

On Friday evening at 7:45 o'clock there will be held at the First Baptist church a reception for Rev. Harold F. Damon and his family.

Rev. Damon who was called by the local church several weeks ago and who accepted the call, has been on the local field since May 1st; and his work during this short time has manifested itself in many ways.

In his former pastorate he led the church in building up their congregation as well as enlarging their church building.

He has had a fine training in preparation for his life work and the local church feels fortunate in securing him as pastor.

He is ably assisted in his work by his wife, a woman of charming personality and one who has also had special training for Christian work, in which she has been very successful.

The members of the church and friends are cordially invited to attend this reception.

There has been a most interesting program prepared, which will be given, followed by refreshments.

ASKS TO REDUCE
ITS INCOME TAX

St. Paul, May 13.—(UP)—The Gopher Granite company to St. Cloud today asked the United States board of tax appeals to reduce its 1926 income tax, declaring that \$1,386.50 should be deducted from its taxable income because ground bought for quarrying was worthless.

ADVERTISEMENT—Inserted by and for L. W. Tyrrill, for which regular rates will be paid.

Political Announcement

I wish to announce that I will be a candidate at the primary election to be held June 21st, 1926, for the office of County Commissioner for the fourth commissioners' district of Crow Wing county, Minn.

I have been a resident and taxpayer of the county for over 25 years and have always been much interested in county matters.

I am not at present employed by any one, nor drawing pay from any individual, company or corporation. There is nothing I know of to prevent me giving my entire time to the performance of the duties of the office, should you see fit to nominate and elect me to it.

Your support is asked for and will be greatly appreciated.

Yours for business,

Brainerd Building & Loan Association \$25,000.00 STOCK SALE During May and June

The Brainerd Building and Loan Association was organized in May, 1922, with the sole purpose of building up Brainerd, "Our City," and assisting our people in building and owning their homes. We want a city of home owners.

It is a co-operative association, only one of its officers receiving a small salary. It offers a safe investment, and pays a fair return. For the first two and a half years it paid 6 1/2%, and has since paid 6 1/2%.

Twenty-nine citizens are now acquiring homes under its plan, and \$55,000.00 have been added to the property value of our city.

Shares of stock will be sold in amounts of \$100.00 and up. Dividend checks are sent to investors in January and July each year. Its stock is not taxable. The real estate pays the tax. Every dollar is spent for labor and material in Brainerd.

We recommend it to our friends.

In the Kitchen with 6 Famous Cooks

BREADS AND BISCUITS AS 3 EXPERT COOKS MAKE THEM

(Ed. Note: This is one of a series of articles on cooking which 6 famous cooks are contributing to this paper.)

Bread can be much more than the uninteresting, prosaic "staff of life." It can be made so delicious that you eat it because you want to, not because you think you ought to.

Famous cooks have unearthed many delicious bread and biscuit recipes from various parts of the country for you. Follow their recipes for pleasing variety in breads.

MRS. SARAH
T. RORER

Easy Bran Muffins

Mrs. Rorer, the Philadelphia cooking expert, recommends her bran muffins for breakfast. "They are very nutritious and healthful," she says. "One might paraphrase the old saying into 'a bran muffin a day keeps the doctor away.' It would hold just as true.

"These muffins are easily made," she affirms. "Beat one egg, add a cup of milk, a half teaspoon salt, one tablespoonful sugar, and one tablespoonful melted butter. Sift one cupful flour with three level teaspoons baking powder, and bake in a hot oven, in greased gem pans for 20 minutes."

Nuts for Nourishment

Mrs. Rorer has a very appetizing and nourishing nut bread, too. Here's how to make it:

Chop enough pecans to make a half cupful. Put two cupfuls flour in a bowl, add four level teaspoons of baking powder, half a teaspoon salt, and two tablespoonfuls of sugar, and sift. Mix in the nuts. Beat one egg, add one cupful of milk, mix and add the flour. Beat well, and turn at once into a greased bread pan.

Let stand 10 minutes. Light oven 3 minutes before bread is light. Bake half an hour at medium heat. Raisins may be substituted for nuts.

Nut bread makes very good sandwiches if spread with butter. Cream cheese may also be used for a simple, delicious filling.

Southern Corn Bread

Corn bread, that favorite of the South, is another nutritious change from the every-day white bread. Made with the recipe of Miss Rosa Michaelis, famous New Orleans cook, it's a welcome part of any meal.

Here are the ingredients:
1/2 cup of sugar
4 cups cornmeal
1 1/2 teaspoons salt
2 eggs
2 tablespoonfuls baking powder
1 1/2 tablespoonfuls shortening
2 cups water (or milk, or the two mixed)

Sift corn meal, salt, sugar, and baking powder together. Add water or milk. Add yolks of eggs and shortening which has been heated. Add stiffly beaten whites of eggs. Put into a hot greased pan, and bake in hot oven. This can be served with butter or with syrup.

Real Beaten Biscuits

If you have a patient right arm, you are bound to make successful beaten biscuits. This is another old southern recipe of Miss Michaelis.

1 quart flour
1 1/2 teaspoons of lard
1 pint of milk
1 teaspoon salt

What 30 Years of Cooking taught Mrs. Rorer about Stoves

By MRS. SARAH TYSON RORER
Philadelphia Cooking Expert

"I PREFER oil stoves to any other kind. I speak from the fullness of 30 years' experience with them. Oil is clean, economical, and dependable. It saves a world of work. No coal or wood to carry in, no ashes to carry out. And no dust.

"I have just completed a special experiment on the 1926 model Perfection Oil Stove, testing it under all possible cooking conditions. I cooked many meals in my own kitchen. Every dish was deliciously cooked.

Immediate Cooking

"Steak began to broil and my molasses cake began to rise almost as soon as I lighted the burners. There was no waiting for the heat to 'come up.'

"The bottom of every utensil used in the experiment was as clean as a china dish. No scouring was necessary. Those long Perfection chimneys certainly are insurance against sooty kettles.

All at the Same Time

"I cooked many things at once. For boiling beef I used a very low flame. I French-fried potatoes over a hot flame with yellow tips about 1 1/2 inches high above the blue area. I cooked white sauce over a medium flame.

"I used all grades of heat at the same time satisfactorily.

All flames remained steady and even. They did not creep or 'crawl.' This is a real blessing to the cook. She can forget her stove and keep her mind on her cooking.

"Very Well Satisfied"

"Altogether I was very well satisfied with the Perfection Stove. And, my good opinion of oil stoves has increased, if that is possible."

4,500,000 In Use

The other five famous cooks were enthusiastic about the 1926 Perfection, too. And every day 4,500,000 women get real cooking satisfaction from their Perfections. You, too, will get the most cooking satisfaction the year around when you cook on the latest model Perfection.

See the complete line at any dealer's today.

All sizes, from a one-burner model at \$7.25 to a large, five-burner range at \$130.00.

MRS. RORER is one of the six famous cooks who just completed a novel cooking test on the Perfection Stove. Others are: Miss Lucy G. Allen, Boston; Miss Margaret Allen Hall, Battle Creek; Miss Rosa Michaelis, New Orleans; Mrs. Kate B. Vaughn, Los Angeles, and Mrs. Belle DeGraf, San Francisco.

Sift dry ingredients. Then add the shortening and blend by using the fingers—rub until smooth; add gradually the liquid and knead all together till the dough is formed. Should be a rather stiff dough. Then lay the dough on a biscuit board and beat with rolling pin half an hour. Knead lightly and beat again for ten minutes, till air bubbles form all over the dough. Then roll out and cut with cutter in any shape and stick top here and there with fork. Bake in moderate oven about fifteen minutes or till top and bottom are a light brown.

Use Oranges

Orange muffins are just the thing for breakfast. Toasted, they are delicious to serve with afternoon tea. Mrs. Belle DeGraf, San Francisco, formerly with the Pacific Coast Branch of the New York Cooking School, gives this delectable recipe:

2 cups flour
4 teaspoon baking powder
1 teaspoon salt
2 tablespoon sugar
1 egg
2 tablespoon melted butter
1 cup orange juice
Grated rind of one orange

Beat eggs and add liquid. Sift and combine dry ingredients. Add melted shortening and first mixture. Bake in greased muffin pans, in moderate oven about 20 minutes.

You may serve a different bread or biscuit every meal. These recipes are especially helpful to women with the lunch problem, as different sandwich fillings may be used with all but the beaten biscuit with good results.

(Watch for next week's special cooking article on this page.)

Much Ventilation

One manufacturer is selling an efficient oven with 108 holes. These holes provide perfect air circulation and carry away all surplus moisture and all odors. This oven is especially made for oil stoves.

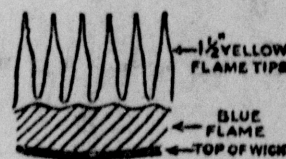

Baking Hint

The oven should always be preheated a few minutes before biscuits are put in. They require fast baking.

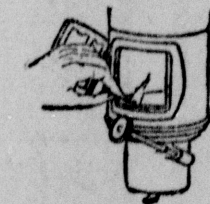

For Oil Stove Users

Women who cook with oil will appreciate one of the newer oil stove models with a reversible, easily filled glass reservoir. The hands do not come in contact with the kerosene at all.

Send today for our free booklet, "Favorite Menus and Recipes of 6 Famous Cooks." Contains many of Mrs. Rorer's.

"Use this flame for pre-heating the oven for cakes. It has yellow tips about 1 1/2 inches high above the blue area," says Mrs. Rorer.

"Heat at the touch of a match to the wick, when you cook on the Perfection," Mrs. Rorer says.

FIFTEEN HORSES IN THE KENTUCKY DERBY

EAST, WEST
TO BE EQUALLY
APPORTIONED

52ND ANNUAL DERBY A MOST
COLORFUL RACING
EVENT

TO BE BATTLE OF AMERICAN
RIDERS, AS WELL AS
HORSES

Louisville, Ky., May 13.—(UP)—East and west will be equally divided in representation when the bugle is sounded Saturday for the 52nd annual Kentucky derby, most colorful of America's racing events, it was indicated today.

Fifteen horses now are scheduled to go to the barrier and of this number eight will carry the colors of eastern horsemen and the seven others will be from the west.

Eastern representatives are Pompey, Display, Light Carbine, Blondin, Espino, Roycroft, Champ De Mars and American Son.

Both have worked well but Recollection can hardly be called of derby quality. He ran with rank platers last year and in defeating a nag called Bumpkin at Latonia last fall started an investigation which ended up in exposure of the famous jockey ring which brought about the expulsion of six riders and a number of horsemen who were accused of fixing races.

The last to be declared out of the derby are Timmara, which came out of the Preakness in a bad way, Boot to Boot, Token, Smiling Gus and My Colonel.

Here is the probable derby field with weights and riders:

Horses	Weights	Jockeys
x Bubbling Over	126	A. Johnson

Watching the Scoreboard

Yesterday's Hero—Al Simmons, Athletics outfielder, whose double in the 10th helped his team to its ninth straight victory. The White Sox were beaten 4 to 3.

Boston's 14 hits off Holloway allowed the Red Sox to win handily from Detroit 4 to 2.

Lestle's muff in the 10th gave the

Yankees a 6 to 5 victory over Cleveland and possession of the American league lead.

Pittsburgh jumped all over four Philly pitchers for 17 safe blows and won handily 14 to 3.

Walter Johnson's sixth victory of the year was scored when the Senators made it two straight over the Browns, 4 to 2.

McWeeny and Root, last year the pitching aces of the Pacific Coast league, hooked up at Chicago and the former won the honors, when Brooklyn triumphed 2 to 0.

Three homers were responsible for the only tallies in a game at St. Louis which the Giants won 2 to 1.

Pete Donohue let down the Braves with three hits and his mates slugged out a 9 to 1 victory.

With Ernie Koob on the mound and working effectively, the Colonels downed the Millers 5 to 3. The Millers scored their three runs in the ninth inning.

The Hens tied the count 4 all in the sixth but the Kaws put over the winning run in the 10th. Score: Kansas City 5, Toledo 4.

Pounding four Indian pitchers for 26 hits, the Saints won the second straight game of the present series 14 to 4.

Registering 20 safeties the Brewers downed the Senators, 15 to 5.

LOCALS TO TRY FOR SECOND VICTORY OF SEASON; AITKIN HAVE STRONG LINEUP

The Brainerd high school will play their second home game of the season tomorrow at 3:30 o'clock sharp when they meet the Aitkin high school boys at the Municipal ball park.

The best game of the season so far is expected as the Aitkin boys come to Brainerd with a good reputation of heavy hitters and snappy fielders.

The Brainerd boys will be led by Van Walk at the mount position and the lineup will be the regulars as used in the game last Saturday.

The locals have now a percentage of 500 percent having lost one game and won one. They hope to take tomorrow's game but know they have a stiff proposition before them to beat the Aitkin outfit.

A large crowd of fans is expected to turn out. The grand stand at the park has been fixed, a new roof having been built to it. The grounds have been rolled and put in shape so neither team will have alibis to make as to the playing field.

With a whole summer ahead of you-----

With days of play in store and week-ends galore on tap—With places to go—people to go with—with the whole world at your feet every Saturday—we offer you a storeful of authentic sport apparel that by its very being in your wardrobe can change a drab existence into days you never knew could be so pleasant.

90% of Premature Baldness found to be due to Seborrhea. New method now combats it.

Grow Hair this NEW Way!

Scientific Study of Hair Troubles Results in an entirely New Method

Inefficient tonics can now be discarded. An entirely new method of scalp treatment has been perfected. It is totally unlike anything you have seen or heard of before. Its simplicity will delight you. Its results amaze you. But one application a week is needed for many scalp troubles. It leaves no after-odor—no greasy effect.

Guarantee in Writing
Many extravagant claims have been made before. Often the public has suffered. But note our fair offer. This method must stop Falling Hair. Must destroy Dandruff. Must grow hair—or money back. There are no strings to this guarantee. It is in writing. It appears in every package. You are fully protected.

Seborrhea Causes Baldness
Well may you wonder at such a broad guarantee. But this treatment is not a mere tonic. We have studied hair troubles scientifically—and discovered some amazing facts. We found that the hair grows from a bulb—not from a root. These hair bulbs seldom die from natural causes. They don't come out with the hair. But frequently they become weakened. Then hair troubles commence. Seborrhea is most often the cause. Infection sets in. The hair now becomes dull, lifeless—starts falling. Eventually baldness takes place. But here is the marvelous thing. Remove infection—stimulate dormant hair bulbs to renewed activity and the hair grows again.

New Method Combats It
Now we have found a way of combatting Seborrhea. A new method for stimulating hair growth. This treatment is called STIM. The principle is scientifically correct. It is not just a tonic. Hence its amazing success. It must stop Falling Hair. It must destroy Dandruff. In writing we guarantee that it must grow hair—or money back.

HERE IS PROOF

"I consulted Dr. — of Johnson, Pa., my home town. His recommendation for this condition was "STIM" — I had occasion to have my hair trimmed up a little last week and the barber noticed a lot of new hair coming out along the front and sides where I was previously troubled."

E.C.H., State College, Pa.

"I have been using STIM and find it the best thing for baldness and have almost got my baldness cured."

R. S., Birmingham, Ala.

Results Are Guaranteed
No matter what your condition—or how many "tonics" you have used without avail—you now owe it to yourself to give this scientific method a fair trial. It must stop Falling Hair. Must destroy Dandruff. Must Stimulate Hair Growth—or it costs you nothing. You are the sole judge. In every package is our written guarantee that results must satisfy you or money back. Could we possibly make you a fairer offer? We urge you to accept it today.

THREE YEAR OLD BOYS LOST, FOUND

Marvin Joki and George Lind Decided to Explore City Alone

YOUNGSTERS BECAME LOST

Search by Police Located Lads in Downtown Shopping District

Marvin Joki, three year old son of Mr. and Mrs. John E. Joki, 1405 E. Rosewood street, and George Lind, three and a half year old son of Mr. and Mrs. George Lind, 1415 Quince street, who decided to take a walk through Brainerd to inspect the city without the presence of their elders and who in their perambulations became lost were found this afternoon by the Brainerd police after a five hour search had been inaugurated by the police and the parents.

The boys any way had the experience of doing window shopping even if they could not buy anything. George was the first located in the downtown section and then Marvin was finally seen, his legs weary from a long walk. The two were restored to their mothers who were more than happy to have their little ones in their arms again.

LINCOLN PARENT TEACHERS MEET

Meeting Largely Attended And Much Enjoyed by Those Present

DR. BADEAUX GAVE TALK

Mrs. Roy Hall Was Elected President of the Association

The last meeting of the Lincoln Parent Teachers association for the year was held Tuesday evening in the auditorium of the school. The meeting was well attended, a very enjoyable program being put on.

Dr. G. I. Badeaux gave a general talk on "Immunity," especially in such contagious diseases as small pox, typhoid fever, diphtheria, made possible by inoculation. He cited the history of vaccine, anti toxine, toxine anti toxine, of various diseases, giving results, claiming immunity of 90 percent in small pox and approximately 100 percent in typhoid fever.

Dr. Badeaux is giving this scientific talk in an effort to acquaint parents with the Schick test which will show whether or not a person is susceptible to diphtheria and to the immunity from this disease produced by inoculation with the toxine, anti toxine, which has been used successfully by scientists for the past 15 years. At the last meeting of the State Board of Health an appropriation was made so that the Schick test could be given and the toxine, anti toxine inoculation can be used in the Brainerd schools when the people are ready for it.

Mrs. Roy Hall was elected president of the association for the coming year. Mrs. George Lucas was elected vice president, Mrs. F. Newman, secretary, and Mrs. L. Hohman treasurer.

The association feels that a great deal of the success of the association for the past two years has been due to the untiring efforts of their retiring president, Mrs. Ray Paine, and wish to express to her their appreciation and also to the other retiring officers. The association finished up the business of the year. Flags and banners were purchased.

A bill for a number of pictures for the building was allowed and \$18 of the last half of last year's pledge of \$36 to the local Child's Welfare Board was ordered paid.

The report of the playground committee was accepted and an order was drawn for \$100 to the Brainerd school board to be covered by them and put into playground equipment at the Lincoln school grounds.

The officers and members of the Lincoln Parent Teachers association thank the public for their generous cooperation given them in the last two years and trust that the same good fellowship will be extended to the officers for the coming year.

Card of Thanks

We wish to thank all those who extended kindnesses to us when our house and household goods were destroyed by fire, also those who assisted us in rebuilding.

Mr. and Mrs. Jesse Britton, and family.

NASH MOTORS ACTIVE

New York, May 13.—(UP)—Aside from unusual activity in Nash Motors approaching 200,000 shares during the session with about half of it changing hands at 52 the day's trading in the stock market presented little difference from those of other recent dull markets.

Street reports that Storrow Estate Nash stock was being acquired in blocks at 52 were denied leaving the district to wonder who would offer that much of a relatively inactive motor stock at one price simultaneously with apparently unlimited buy orders.

The Polish revolvers appeared to make some headway and listed Polish bonds were fractionally lower.

The market closed lower.

How Skinny Kids Gain Weight and Strength

Everyone knows that Cod Liver Oil is full of vitamins, is a flesh builder supreme. In children where rickets are suspected it even helps to build up the bones and strengthens the body.

But let us all be glad! The poor under weight, sickly, puny kids don't have to take the vile, nasty oil itself any more, for thanks to science McCoy's Cod Liver Oil Compound Tablets has taken its place.

Sugar coated they are and as easy to take as candy and if you will give them to your sickly child for thirty days, you'll be happy indeed.

If you are not, H. P. Dunn, Johnson's Pharmacy or the druggist from whom you bought them is authorized to return your money. 60 tablets 60 cents—but be sure and get McCoy's, the original and genuine. —Adv.
